"Tough up" (anesthesia)
Roxystane mc's

DEC 9 2004

pt looks very good, Retrolux
Holding, & No lines @ rest!
BTX # 0.025cc = 10
injections per cc

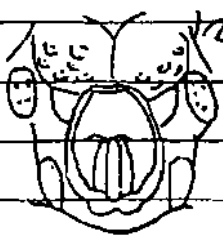

31 July 2006

Jennifer called pt.
pt ~~was~~ was sick from
injection 2007 Dec.

considered suing:

- spoke to FDA official who blamed "unapproved botox"
- state she was "sick" at the time of injection and suffered Respiratory thereafter
- "Badmouth you and your practice"

all
done
- Botox

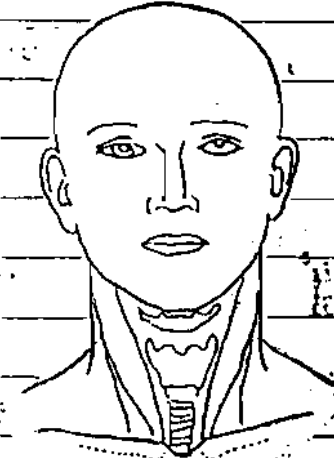

(NEXT)

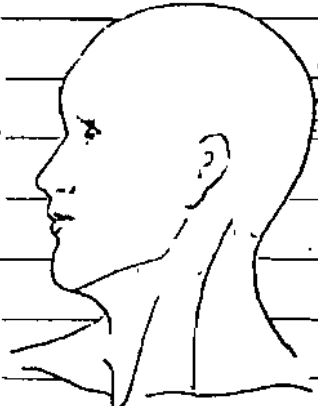

31 July 2006 (cont)

pt told I "hit a nerve" & prior BTX injection + that I said "it would be all right" "paralyzed on (R) side of face where I gave the BTX"

"all the experts I consulted said the symptoms were consistent with Botulism"

"FDA experts said it was from unauthorized Botox"
